2,300	2	Torsion	1	0	LT145/R12E	99"	16' 8"

STANDARD FEATURES

Radial Tires

Tow smoother, quieter, and farther with radial tires installed on your trailer. Original equipment on Load Rite Elite 5 STARR models with 13" and larger wheels except skiff and pontoon models. Optional on all pontoon and skiff / jon models. Includes [KENDACARE - LOADSTAR TIRE ROADSIDE ASSISTANCE PROGRAM](#).

Aluminum I-Beam Frame

Patented designs offer many features that add functionality to a great look. Integrated wire gutter beneath the top flange securely protects wiring and brakelines. Models to 7,300 lbs. capacity feature a captured fastener channel along the bottom flange offering invisible mounting points for other features. Web mounted crossbars strengthen the overall frame assembly.

Tongue Jack

Tongue jacks are standard equipment on all Load Rite Elite models 90" wide and wider except two-place PWC models, all 5 STARR models, and all UT, EQ, and CH models. Appearance and specifications vary by application. Tongue jacks are optional on all other models.

Adjustable Carpeted Bunks

Traditionally known as V-bunks, this system offers both high strength and a wide range of adjustability. Out of adjustment? There are shorter and taller bolster brackets available in many heights.

Torsion Axles

Torsion axles provide independent suspension, exceptional rigidity, corrosion resistance, and a far superior ride to any leaf spring suspension. Available on most models.

NMMA / NATM Certified

Each year Load Rite trailers undergo a detailed inspection process in order to earn the right to proudly display this certification on products we manufacture.

LED Lighting

LED lights offer far greater reliability than incandescent fixtures. Long-lasting and waterproof design make these lights ideal for any trailer application.

KendaCare – LoadStar® Tire Roadside Assistance Program

Greaseable Hubs

Trailer with peace of mind knowing that you've inspected the condition and topped off the lubricant level in each hub of your trailer.

Aluminum Diamond Plate Fenders

A stylish design combined with extreme durability. Standard on all single axle models with 13" and larger wheels.

Heat Shrink, Shielded Wiring

Durable heat-shrink connections help prevent corrosion for increased reliability of the lighting system.

Winch

A winch is standard equipment on all boat and PWC models. Capacity and features vary by application.

DOT Rated Tires and Lighting

All Load Rite original equipment tires and lighting components are fully DOT approved.

Winch Stand

Standard equipment on all boat and PWC models. Specifications vary by applicaton.

2 Plus 3 Years Coupler to Taillight Warranty

Load Rite's premiere warranty exclusive to our Elite line of trailers.

OPTIONS

Plastic Bunk Covers

These multi-purpose covers provide a smooth surface to help a metal-hulled boat or pontoon to slide easier when launching and loading. They also offer an insulating barrier to help prevent corrosion for metallic hulled craft. Protect your aluminum hull. ***Highly recommended for metal-hulled boats and pontoon applications. Not recommended for gel-coat, plastic, or painted metal hulls.***

Tongue Jack

Tongue jacks are recommended on all trailers. Appearance and specifications vary by application. Tongue jacks are optional on all models where not original equipment.

Spare Tire and Carrier

The most important option to consider, every trailer should have a spare tire readily available. Consult dealer for recommended bracket for individual application.

Aluminum Wheels

A stylish option available with bias-ply or radial tires for most models in 12", 13", 14", 15" and 16" sizes.

2" by 6" Bunks

Marine grade carpet over 2" x 6" dimensional lumber.
